## ELECTION 2015: WHAT'S AT STAKE FOR THE NHS?

6:30PM | THURSDAY 5 MARCH

THE MECHANICS INSTITUTE, 103 PRINCES STREET  
MANCHESTER, M1 6DD

With the General Election just weeks away, the debate about how we ensure a strong, resilient and sustainable healthcare system free at the point of need is more important than ever. The universal healthcare system at the heart of British society is under threat as never before from privatisation, fragmentation and underinvestment.

This event will debate what is at stake in the General Election, looking at what the main parties are offering. Healthcare policy needs to be about much more than just short-term fixes – it needs to offer integrated health and social care and preventative action. Join us to debate how we ensure that the founding principles of the NHS- a universal system, free at the point of need- are protected for future generations.

### SPEAKERS:

- **Dr Kailash Chand** GP and *Deputy Chair of the BMA*
- **Allyson Pollock**, *Professor of Public Health Research & Policy, Queen Mary*
- **Liz McInnes MP**, *Labour MP for Heywood and Middleton*
- **Adam Flanders**, *Senior Cardiac Technician & Unite Rep*
- Chair: **Steve Hart**, *Chair of Class*
